

## A Level Photography

### What you will learn:

The A Level Photography course enables you to learn:

- \*How to use a camera
- \*How to professionally edit images
- \*How to use professional studio equipment
- \*Experimenting and exploring a range of photographic and moving image techniques
- \*Analysis of images
- \*Presentation of coursework and image display
- \*Exploration of a range of photography genres
- \*Knowledge of photography processes and techniques

### Elements of the course:

Throughout the two year course you will have to opportunity to complete regular shoots, learn how to professional edit images, use professional camera and studio equipment. You will be provided with the opportunity to travel to London to visit galleries and experience live work, and photograph a busy city and its culture.

### Where could it take me?

Students who have previously have studied A Level Photography at Callington Community College have gone on to study Photography at degree level and now work as Photographers, photography assistants, commercial and fashion photographers, bloggers, image editors, social media image specialists, web-editors, teachers, journalists.

### Assessment:

The assessment of this course is 60% coursework and 40% practical exam at the end of the two years.

## Entry Requirements

### Minimum Required:

Standard Sixth Form entry requirements.

### Preferred Requirements:

GCSE Photography, Art or Textiles is desirable as this will give you a basic knowledge of how an Arts course runs and how to present evidence.

### Special Requirements:

A small portfolio of personal images (10-15) showing your passion and skill with photography will need to be shown to one of the Photography teachers before acceptance on the course.
