OFFICIAL NEWSLETTER OF CALLINGTON COMMUNITY COLLEGE

Open Hearts Open Borders

A South-West Refugee Aid Charity

Since 2016, OHOB have sent six 40 foot containers of aid to Syrian and Greek refugee camps, supporting individuals, families and children in real and urgent need.

We are looking for your support this winter by donating gift boxes for the many children enduring difficult lives in refugee camps in Lesbos, Greece.

Gift boxes could be made for either girls or boys, or could contain items suitable for either. Toys, personal care and craft items such as colouring books, puzzles, stories, yo-yos, teddy bears, action figures or dolls – all would be wonderful! Try to avoid sweets as these would need to be Halal or vegetarian.

We would LOVE it if each tutor group could put together a gift box for this important appeal. Thank you so much for your support. **Mrs K Yendell**

DEADLINE FOR BOXES

Wednesday 23 November

English Schools Elite Football Cup – Year 7

This competition has put together the best 64 footballing schools in the country. Recent previous winners have included; Dele Ali, Jesse Lingard, Harry Kane.

This was to be one of the hardest games that Callington has ever played.

The game started at a frantic pace. For 5 minutes Callington hardly touched the ball but defended brilliantly. This was clearly going to be a war of attrition. Slowly Callington got a foothold in the game. Using the height of their lone striker to full effect. Passes began to flow and Ivybridge were unable to match the high tempo and desire of the Callington players. In the 20th minute Ed Harrision won the ball, beat his man and curled an unstoppable shot into the top corner of the net. No more than they had deserved - Callington took the lead. For the final 10 minutes of the first half the 8 boys and 1 girl showed unbelievable heart throwing their bodies in front of every shot to ensure that Ivybridge did not get a shot on goal.

The second half saw a fired up Ivybridge start the second half on the front foot. Tackle after tackle, block after block, save after save came in from the Callington players. However, the inevitable happened, and after three blocks on the goal line Ivybridge scored from close range. Many a team would have folded, however, the Callington team visibly grew as the game went on - they had worked too hard to lose this game. They began to pass the

"I could not be prouder of the team – they showed unbelievable resilience. The whole year 7 Football Academy trains so hard every week and this is a reward for all 60 players who attend the Academy."

Mr Hazeldine

ball and show their technical excellence as well as their heart and desire. Chance after chance fell to all of the Callington players; some one on ones missed and great saves now from the Ivybridge keeper. Then in the final minute with the game destined for penalties a long ball from Ben Alford released JJ Brenton through on goal - he ran the length of the pitch, his powerful drive destined for the top corner was somehow saved, the rebound fell to the Ivybridge defender but JJ slid in to poke the ball towards the goal. Time stopped as the ball rolled towards and over the goal line. In the final minute of the game Callington had done it, they had beaten Ivybridge and reached the last 32 in the country.

A trip to Bournemouth on December 4th awaits the team.

Library update

Callington Community College's new library is now starting to look like a library. Students and staff have been working hard to prepare the room with appropriate furnishings. We have sourced a wonderful selection of books for students. These books are now in the library and starting to be catalogued, stickered for the Accelerated Reader programme, and shelved. The English student ambassadors are doing a marvellous job of getting the new books ready to be shelved and arranging the books on shelves.

Year 8 students have been taking STAR tests this week. The results of these tests will help students to select books to read for enjoyment and pleasure as soon as the library opens. We cannot wait to see students take out their first book using the brand new kiosk system in upcoming weeks.

If you have any library books at home that are overdue, please return them to the public library or place in the box opposite the Key Stage 3 office as soon as possible.

There will be an advertisement for a new librarian position coming very soon. We will share details in a future edition of The Voice. **Miss L Pollard**

Lest we forget

Year 8 have been learning about the First World War this term, by looking at the causes of the War and to develop an understanding of what life for a British soldier was like on the Western Front. To help students develop an understanding of the horrors of the First World War, some students have designed and built their own reconstruction of a World War One trench. Also this work has been linked to the Centenary commemoration events which Mrs Hurdwell has been organising in College to help students remember the importance of the impact of World War I on our society and local community and to say thank you to those who made the ultimate sacrifice. **Mr I Smith**

I would walk 500 miles!

Good luck to Charlotte Tait (Year 8) who on Sunday will be walking from Albaston War Memorial to Callington War Memorial - finishing a 100 mile walk in remembrance of the 100 years since the end of WWI.

She has raised **DOUBLE** her £100 target for the Royal British Legion.

Each and every day since the 1st October she has been walking about two and a half miles over and above normal activities - during this time she has been sick and injured but despite this will complete the challenge this Sunday.
